Subject: RE: SOT Poster: Development of a tool for systematic integration of traditional and new approach methods for prioritizing chemical lists

Thank you for sharing this Jeff.

Knowing what ORD is going to say on things related to chemical and pesticide assessment, before it is said publicly, is extremely helpful for us!

Subject: SOT Poster: Development of a tool for systematic integration of traditional and new approach methods for prioritizing chemical lists

OCSPP colleagues:

ORD staff developed the attached poster for presentation at SOT. I'm sharing for awareness and FYI (not as Advanced Notification). The TSCA information is all publicly available. My understanding is that OPP (Anna) is aware of the inerts case study part.

Let me know should you have any concerns.

Jeff
